**Subject:** Request Brief Call to Discuss Testing Solar Cooker

Hi Pat,

We're reviewing applications for the 3rd round of EPA stove testing and would appreciate your input on what solar cooking test data would be most valuable to the field, including which type/model of solar cooker to test. Are you available for a brief 15-20 minute phone call next Tuesday morning, November 15 (anytime between 8:30 - 12:00)? If November 15 doesn't work, is there another day and time this week or next when you are available?

We look forward to catching up with you.

Best regards,

Brenda Doroski
